

TRESTLEBOARD

From the East

MICHAEL KRAUS
PM, WORSHIPFUL MASTER

Greetings Brethren,

I hope you are all well. Once again, I want to remind everyone that we still gather at the Lodge on Thursday evenings for fellowship and instruction. We have the greater purpose of preparing for the Master Mason degree we plan to confer in October.

The summer months are meant for rest and refreshment. Getting prepared for the sprint to the finish of the Masonic year which always seems to come too soon. I would add a third "R": rededication. Take some time this summer to think about your Masonic obligations; the promises you have made to the Fraternity, your Brothers and yourself. The Lodge may be dark, but the work of a Mason doesn't cease. That work is making good men better; improving yourself, lifting up your Brothers, strengthening the Fraternity and building the spiritual temple to which we all aspire.

May the bright summer sun warm you to your bones. May the cool summer rain wash away the burdens of everyday life. And may the light of Masonry continue to shine on you and through you, illuminating your path and making your every step surer and more secure.

Audi, vide, tace, si vis vivere in pace.

Sincerely and Fraternally,

Michael Kraus, PM
Worshipful Master

From the West

RON MAYER
SENIOR WARDEN

Greetings, Brethren,

To all my brothers, have a great summer.

Enjoy yourself. Be safe. God bless you guys.

Fraternally,
Ron Mayer
Senior Warden

From the South

THOMAS PETER REYNOLDS
JUNIOR WARDEN

Greetings Brethren,

As we enter this final month of darkness, let us come together with renewed purpose, practicing our ritual with zeal, precision, and true brotherly love. Every degree we rehearse and every lesson we perfect prepares us not only for our own growth, but for those who look to us for guidance.

Our Entered Apprentices, Fellow Crafts, and candidates are watching us. Soon, many of our Fellow Craft Brethren will take the profound step of being raised to the sublime degree of Master Mason. Let us be worthy examples of the light they seek—demonstrating excellence, dedication, and the timeless values of our Craft.

The work before us is significant, but it is work we are more than capable of accomplishing together. United in fellowship and committed to our shared purpose, we will rise to the occasion and strengthen our Lodge for generations to come.

I look forward to laboring alongside each of you.

Fraternally Yours,
Thomas P. Reynolds, JW

The Past Masters Workshop

A Freemason's Guide to Modern Business Practices

What: Through this workshop each participant will be given all the tools and techniques necessary to develop him as an invaluable asset to the operation of a successful and sustainable Lodge. The Brethren will learn actual tried-and-true management techniques, which will enable them to improve the Lodge experience, while ensuring that the Brethren of the Lodge are sufficiently challenged to keep them invigorated and involved. Armed with these techniques, they will be better enabled to see that every goal is met, and the Lodge delivers all that Freemasonry has to offer.

Why: This workshop has been specifically designed to empower the Immediate Past Master and enable him to become a value-added asset to the incoming Worshipful Master and the Brethren of the Lodge. By offering these methods, tools and templates to Brethren as they work their way through the officer line, they will be better prepared to make the most of their long-term role as Past Master.

Where/When/How: This workshop can be scheduled by a Lodge or District, anytime that is most convenient. To schedule a workshop, we will require a minimum of 10 participants together with a space to accommodate a comfortable work environment.

Who: Jr. & Sr. Wardens, Worshipful Masters and Past Masters.

Format:

- A **four-hour workshop** will be facilitated by Masons, who are trained management professionals.
- An **interactive presentation** will be guided by various tools, formats and a PowerPoint.
- Each participant will leave with a detailed **Handbook for continuous reference**.

Did You Know?

Most people throw away their used sneakers every 125-200 days without ever thinking about recycling. Since sneakers are manufactured with materials that are not biodegradable, they remain in landfills or are incinerated, which leads to toxic chemicals in our air and soil.

The process of manufacturing sneakers produces large amounts of CO2 which contributes to the serious effects of climate change and global warming. Recycling and reusing sneakers keeps sneakers out of landfills, reduces the need for manufacturing new shoes and sneakers, and supports a growing circular economy.
